LONDON SW1A 0AA

1st February 2023

Dear Prime Minister,

I am extremely proud to have been able to represent the Eddisbury Constituency—in which I have lived since I was 14—and I have been grateful that this has given me the opportunity to make a difference locally in a number of ways.

These include being able to give direct help to constituents in over 17,000 cases since I became their Member of Parliament, as well as being active in my support of farmers and local businesses, broadband roll-out representing a 50 per cent improvement, and working to secure the future of one of our local hospitals for rural care services.

I have also been fortunate enough to make a contribution to our national life as the longest-serving Minister for Children and Families, and as Her Late Majesty's last Solicitor General: improving the lives of care leavers, disadvantaged school pupils, children with special educational needs, and the safeguarding of children and victims of crime nationwide.

EDWARD TIMPSON CBE KC
MEMBER OF PARLIAMENT FOR EDDISBURY

However, I turn 50 this year, and want to use this opportunity to both draw on my family law practice prior to my election, and my children and families legislative and law officer work in government, to return in part to legal practice, but also advocacy roles for vulnerable children and families.

I remain completely committed to you, the Conservative & Unionist Party, and your premiership, and will continue to play my part in any way that I can to help you achieve governmental, political and electoral success—both up until the next general election, and beyond.

Yours ever,
